The Department of Teaching, Learning and Culture is seeking a tenure track Assistant Professor of science education in the College of Education and Human Development at Texas A&M University. The candidate must have earned a doctorate in an appropriate field with specialization in science education. Responsibilities of the position include maintaining an active research and publication agenda in science education; developing university collaborative partnerships with scientists and/or engineers; advising and mentoring graduate students for the professoriate; securing external funds; and teaching science education and curriculum and instruction courses at graduate and undergraduate levels. This is a nine-month appointment. The salary is competitive and commensurate with experience. Applications are being accepted. A review of applications will begin on October 1 for employment beginning as early as Spring 2016 and will continue until the position is filled. Questions about the position can be directed to search committee chair, Dr. Bugrahan Yalvac (yalvac@tamu.edu). Please send electronic copies of the letter of application or nomination, curriculum vitae, two sample articles, and names and contact information of three references to Ms. Tammy Reynolds, email: t-reynolds@tamu.edu.

Texas A&M University is an Affirmative Action/Equal Opportunity Employer committed to creating and maintaining a climate that affirms diversity of both persons and views, including differences in race, ethnicity, national origin, gender, age, socioeconomic background, religion, sexual orientation, and disability; veterans are encouraged to apply.
