

Masters of Education (M.Ed.) in Curriculum & Instruction Curriculum for the Graduate Certification Program – Sequential Cohort Portion

*The courses on this page are what will be required for teacher certification ONLY. These courses can count towards the 36 hour M.Ed. presented on page 2. For the Summer cohort semester and beyond, any additional courses you wish to add to your certification semester must be approved by the program director. Students **may not** register for any other courses during the fall or spring semesters of the certification program without permission of the program director and consent of intern's public school principal. Failure to receive program approval for additional coursework will result in being removed from those courses.*

*Spring Pre-Requisites		
Course Prefix	Course Title	Credit Hours
SPED 621	Overview of Exceptional Children (online only)	3
TEFB 324	Teaching in Secondary School (winter-mester and full spring semester options available)	3
Total		6

*** These courses may ONLY be taken the spring immediately preceding the start of the summer cohort.**

NOTE: Not listed on the M.Ed. degree plan on page 2, but could be used as electives. If taken during undergrad, must be reserved.
